The advertisement features a central image of a globe with a blue and white color scheme. Overlaid on the globe is a large, stylized illustration of a snow-capped mountain peak. The globe is surrounded by a circular frame containing various numbers and data points, suggesting a financial or trading environment. The background of the entire advertisement is a dark, cloudy sky. At the top left, the Tickmill logo is displayed. The central text reads: "Others think big, we think low. Trade with one of the Industry's Lowest Cost Brokers." Below this is a green button with the text "Start Now!". At the bottom right, there is a small "Need Help? **High Risk Warning:** Trading Contracts for Difference (CFDs) on margin carries a high level of risk and may not be suitable for all investors. The high degree of leverage can work against you as well as for you. Before deciding to trade Contracts for Difference (CFDs), you should carefully consider your trading objectives, level of experience and risk appetite. The possibility exists that you could sustain a loss of some or all of your initial trading capital and therefore you should not deposit money that you cannot afford to lose. You should be aware of the risk involved in trading Contracts for Difference (CFDs) and seek advice from an independent advisor if you have any doubts.
